ALESSANDRO PEDRETTI

Artemide®

ALESSANDRO PEDRETTI

A Milanese architect, designer and museum exhibition consultant, Pedretti has worked with Studio Rota since 1998. Equally interested in art, fashion and cinema he designed a "Star Wars" themed exhibit for Milan's Triennale in 2005.

TECHNOLOGY

Featuring unilateral or bilateral emission from high-performance LEDs, Ciclope understands energy and efficiency. The fixture provides LED lighting to ensure environmental friendly lighting and durability.

VERSATILITY

Available in wall and floor models, in various sizes and anthracite grey and grey finishes, emitting unilateral or bilateral light, Ciclope enhances any outdoor space with its broad spectrum of versatility.

SIMPLICITY

Composed of an aluminum body and stem with a polycarbonate diffuser, Ciclope creates a harmonious balance between broad utility and simple design.
