Ernesto Gismondi

## ERNESTO GISMONDI

The father of Artemide, Ernesto Gismondi propelled his involvement in the Memphis Design movement into profoundly revolutionizing the field of lighting design in both Italy and the world. Born on Christmas Day, Gismondi began his career as an Aeronautical Engineer. Bringing industrial concepts, materials and finishes into lighting designs for both domestic and public space underlines Gismondi's adherence to meaningful innovation. Recognizing his international contributions to the field of lighting manufacture, he was awarded a Compasso d'Oro lifetime achievement award in 1995.

# TRANSITIONAL

Niki's design is at a crossroad of classic and modern lighting - a familiarly shaped fixture with prismatic glass capable of effortlessly complimenting any space, whether residential or commercial.

## REIMAGINED

The technology behind the Niki wall or ceiling light fixture has been reimagined to adapt to today's standards of intelligent, eco-friendly, and energy efficient LED lighting.
