

Pirce
Giuseppe Maurizio Scutellà

GIUSEPPE MAURIZIO SCUTELLÀ

Born in Italy in 1962, Giuseppe Maurizio Scutellà is an expert in die-cast molding for object design. Having created products for Ducati and Mercedes amongst others, Scutellà approaches lighting fixtures as appliances with a soul, choosing to emphasize their magic over practicality.

TECHNOLOGY

Pirce's award-winning design is one of Artemide's top sellers. Originally released in halogen, its light source has been reimagined to incorporate a high quality, energy-efficient LED light source.

ELEGANCE

Pirce is not only an elegant light source, it is an alluring decoration with a strong sense of presence turned on or off. Its slim disc merges softly into flowing twirls that spiral downwards to create alluring lighting effects.

VERSATILITY

The Pirce collection of ceiling, suspension, and wall models comes in three different sizes available in white or black finishes. When these models are combined, Pirce complements any modern space with brilliant design consistency, whether residential or commercial.
