

Attention: Read and understand these instructions before installing fixture. This fixture is intended for installation in accordance with National Electric Code and local regulation: To assure full compliance with local codes and regulations, check with your local electrical inspector before installation. This equipment is guaranteed only when used as indicated in these instructions; therefore they should be kept for future reference. To prevent electrical shock, turn off power supply before carrying out any connection or maintenance operations.

You should have the following parts: (quantity will vary depending on model)

Louvers

Covers

Code	Quantity		
	Louver	Cover (short)	Cover (long)
USC-MASC2x	2	2	2
USC-MASC3x	3	2	3
USC-MASC4x	4	2	4
USC-MASC6x	6	2	6

STEP 1

1.1 install louver sections over the silver reflectors in the body by carefully pushing in. Do not touch the LED chips.

STEP 2

1.1 Clip covers in between louvers. Short covers go to each end of linear runs. An extra longer cover is provided in the packaging in order to bridge the gap line between connecting units. The unused covers can be recycled.
